2024 Business Report

I. Operational Policy

The Company upholds the business philosophy of “integrity, quality, service, innovation, and sustainability” to provide quality construction services, to focus on construction quality management, to improve the owner's service value, and to incorporate construction management knowledge into technological tools. The Company continues to improve the integration of technology and engineering methods to ensure the competitiveness of the four core fields of project quality, cost, progress, and safety and health, and to continue to lead excellent subcontractors to strive for high-competitive advantages and to comply with the social development trend along with the implementation the concept of sharing of interests and growth, in order to become a long-term partner of quality proprietors.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2024 and 2023, its consolidated financial performance and cash flows for the years then ended in accordance with the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRICs) and SIC Interpretations (SICs) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for the audit opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountant and the Auditing Standards in the Republic of China. Our responsibilities under these standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We comply with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China and are independent of the Group. We have also fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the 2024 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matters that we have determined to be communicated on the audit report are as follows:

Construction contract

For the accounting policies of the construction contracts, please refer to the consolidated financial statements Note 4 (15) for the recognition of revenue; for the accounting estimates and assumptions of the estimated total contract cost assessment of the construction contracts, please refer to Note 5 to the consolidated financial statements; For an explanation on revenue recognition and the accumulated costs

that have incurred, please refer to the revenue from contracts with customers in Note 6(16) of the consolidated financial statements.

Description of Key Audit Matters:

The estimated total cost of a construction contract requires a high level of judgment by the management. The Group uses the percentage of completion method to recognize the construction income and cost, and the degree of completion is based on the cost incurred as a percentage of the estimated total cost as of the financial reporting date. The measurement of the degree of completion may result in a significant difference between the timing of profit and loss recognition and the current financial statements.

The corresponding audit procedures:

Our audit procedures for the key audit matters above include:

1. Understand the internal operating procedures for the estimated total cost evaluation, and randomly check the estimated total cost of major projects to ensure the consistency between the evaluation process and the internal operating procedures.
2. For the projects with the estimated total cost of major additions and revisions in the current period, random check the estimated total cost approved by the project management department, including the supporting documents of the additional or subtracted projects in the current period and major projects with pricing.
3. Obtain the details of the costs and expenses of the current period, and implement the relevant verification procedures, including checking the amount of costs of the current period incurred to the relevant document slips, to confirm that the input costs of the current period have been properly booked.

Other matters

The parent company only financial statements of 2024 and 2023 have been prepared by Kedge Construction Co., Ltd., for which we have issued an unqualified opinion.

Responsibilities of the management and the governing body for the consolidated financial statements

Management is responsible for the preparation and fair representation of the consolidated financial statements in accordance with IFRS, IAS, IFRICs and SICs endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the management is responsible for assessing the ability of the Group in continuing as a going concern, disclosing relevant matters, and adopting the going concern basis of accounting unless the management intends to liquidate the Group or cease the operations without other viable alternatives.

The governing body of the Group (including the Audit Committee) is responsible for supervising the financial reporting process.

Auditors' Responsibilities for Auditing the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report. Reasonable assurance is a high level of assurance. However, the audit conducted in accordance with the R.O.C. Standards on Auditing cannot guarantee that material misstatements in the consolidated financial statements will be detected. Misstatements can arise from fraud or error. If the individual amounts or the total number of misstatements can be reasonably expected to affect the economic decisions made by the users of the consolidated financial statements, the misstatements are considered material.

We exercise professional judgment and professional skepticism during an audit in accordance with the R.O.C. Standard on Auditing. We also perform the following tasks:

1. Identify and assess the risks of material misstatement in the consolidated financial statements, whether due to fraud or error; design and execute appropriate countermeasures for the risks assessed; and obtain sufficient and appropriate audit evidences as the basis for the audit opinions. Because fraud may involve collusion, forgery, intentional omission, misrepresentation or violation of internal control, it is not detected that the risk of material misstatement resulting from fraud is higher than that resulting from error.
2. Obtain the necessary understanding of the internal control related to the audit in order to design appropriate audit procedures under the circumstances, but the purpose is not to express an opinion on the effectiveness of the internal control of the Group.
3. Evaluate the appropriateness of the accounting policies adopted by the management, and the reasonableness of the accounting estimates and related disclosures made.
4. Based on the audit evidence obtained, make a conclusion on the appropriateness of the management's adoption of the accounting basis for continuing operations, and whether there are significant uncertainties in the events or conditions that may cause significant doubts about the ability of Group to continue to operate. If we are of the opinion that there is a material uncertainty of such events or circumstances, we shall in the audit report remind the users of the consolidated financial statement to pay attention to the related disclosures in the consolidated financial statement, or modify our audit opinion when such disclosures are inappropriate. Our conclusion is based on the audit evidence obtained up to the date of the audit report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statement (including relevant notes), and whether the consolidated financial statement presents the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence for the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for guiding, supervising, and performing the audit of the Group and forming an audit opinion for the Group.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings (including any significant deficiencies in internal control that we identify during our audit).

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the 2024 consolidated financial statements of the Group and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Independent Auditors' Report

To the Board of Directors of Kedge Construction Co., Ltd.:

Audit Opinions

We have reviewed the accompanying Statement of Financial Position of Kedge Construction Co., Ltd. (the "Company") as of December 31, 2024 and 2023, and the Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of Kedge Construction Co., Ltd. as of December 31, 2024 and 2023, its financial performance and cash flows for the years then ended.

Basis for the audit opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountant and the Auditing Standards in the Republic of China. Our responsibilities under these standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We comply with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China and are independent of Kedge Construction Co., Ltd.. We have also fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the 2024 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matters that we have determined to be communicated on the audit report are as follows:

Construction contract

For the accounting policies of the construction contracts, please refer to the parent company only financial statements Note 4 (14) for the recognition of revenue; for the accounting estimates and assumptions of the estimated total contract cost assessment of the construction contracts, please refer to Note 5 to the parent company only financial statements; For an explanation on revenue recognition and the accumulated costs that have incurred, please refer to the revenue from contracts with customers in Note 6(15) of the parent company only financial statements.

Description of Key Audit Matters:

The estimated total cost of a construction contract requires a high level of judgment by the management. The Company uses the percentage of completion method to recognize the construction income and cost, and the degree of completion is based on the cost incurred as a percentage of the estimated total cost as of the financial reporting date. The measurement of the degree of completion may result in a significant difference between the timing of profit and loss recognition and the current financial statements.

The corresponding audit procedures:

Our audit procedures for the key audit matters above include:

1. Understand the internal operating procedures for the estimated total cost evaluation, and randomly check the estimated total cost of major projects to ensure the consistency between the evaluation process and the internal operating procedures.
2. For the projects with the estimated total cost of major additions and revisions in the current period, random check the estimated total cost approved by the project management department, including the supporting documents of the additional or subtracted projects in the current period and major projects with pricing.
3. Obtain the details of the costs and expenses of the current period, and implement the relevant verification procedures, including checking the amount of costs of the current period incurred to the relevant document slips, to confirm that the input costs of the current period have been properly booked.

Responsibilities of the management level and the governing body for the parent company only financial statements

The responsibility of the management is to prepare the appropriate parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and to maintain the necessary internal control related to the preparation of the parent company only financial statements to ensure that the parent company only financial statements are free of significant misrepresentation.

In preparing the standalone financial statements, management is responsible for assessing Kedge Construction Co., Ltd.'s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The governing body of the Company (including the Audit Committee) is responsible for supervising the financial reporting process.

Auditors' Responsibilities for Auditing the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report. Reasonable assurance is a high level of assurance. However, the audit conducted in accordance with the R.O.C. Standards on Auditing cannot guarantee that material misstatements in the parent company only financial statements will be detected. Misstatements can arise from fraud or error. If the individual amounts or the total number of misstatements can be reasonably expected to affect the economic decisions made by the users of the parent company only financial statements, the misstatements are considered material.

We exercise professional judgment and professional skepticism during an audit in accordance with the R.O.C. Standard on Auditing. We also perform the following tasks:

1. Identify and assess the risks of material misstatement in the parent company only financial statements, whether due to fraud or error; design and execute appropriate countermeasures for the risks assessed; and obtain sufficient and appropriate audit evidence as the basis for the audit opinions. Because fraud may involve collusion, forgery, intentional omission, misrepresentation or violation of internal control, it is not detected that the risk of material misstatement resulting from fraud is higher than that resulting from error.
2. Obtain the necessary understanding of the internal control related to the audit in order to design appropriate audit procedures under the circumstances. Still, the purpose is not to express an opinion on the effectiveness of the internal control of the Company.
3. Evaluate the appropriateness of the accounting policies adopted by the management, and the reasonableness of the accounting estimates and related disclosures made.
4.
